## Cover Colors

Charcoal Oxen Bourbon Walnut Black

## STANDARD FEATURES

### *Aesthetics*

- **Stainless Steel Escutcheons** - The corrosion resistant fixture covers add an elegant, glimmering accent.

### *Green Technology*

- **ArcticPac Insulation** - This double layered insulation system features a reflective sheet of bubble-foil lining the inside of the cabinet, combined with a coat of Icynene™ foam that adheres to the spa's shell and hose connectors. ArcticPac Insulation retains heat, keeping the spa energy-efficient and the water at a tropical temperature.
- **Maintenance-Free Cabinet** - Synthetic cabinets weigh less than wood, yet are more resilient and durable. Unlike wood, these cabinets will not crack, chip, warp or rot.

### *Protecting your Spa*

- **Lucite acrylic with Microban\*** - Microban antimicrobial protection inhibits the growth of bacteria that cause odors and stains on the surface of the spa shell.  \*Microban available on select shell colors.
- **ABS Base** - This ABS bottom is fully insulated and completely seals the underside of the spa keeping it impervious to moisture, pests, and time.
- **Spa Cover** - The ASTM Deluxe safety cover helps to preserve your spa, conserve energy, and is engineered to protect your investment and your loved ones.
- **1 Year Warranty\*** - Lifetime warranty on the shell, and a one-year warranty comes standard on parts, labor and plumbing. \*See manual for more information.

## OPTIONAL UPGRADES

- **Ozone** - The ozone water treatment provides crystal clear spa water by killing bacteria with fewer harsh chemicals.
- **Lighting** - Enhance your spa with beautiful LED lighting, or saturate your spa with your favorite color using a multicolored spa light.
- **Smart Energy Savings Package\*** - Provides energy-efficient Icynene™ full foam and floating insulation blanket. This additional insulation package makes the Garden Spas even more environmentally friendly.

\*The spas have been tested in accordance with the California Energy Guide.
